Synergies Worldwide is a  
global leader in apparel sourcing and  
supply chain management

## ABOUT

Synergies Worldwide is a well-known, global supply chain manager cum virtual manufacturer with a razor sharp focus on product and price.

Our evolution over the years represents our passion for the fashion industry and in delivering true benefits for our global customers.

We provide low cost product(s) & sourcing solutions for apparel, fashion accessories, foot wear, home textile, decorative accessories and other goods for companies in the fashion and hospitality industries.

We take time out to understand the customer, its brand(s) and business objectives before offering focused collection proposals and manufacturing facilities.

With a resolute commitment to delivering true benefits for our customers, we will continue to build our position as market leaders in low cost supply chain management.

Synergies Worldwide was founded in 1987 by Mr. Munir Mashooqulah, an industry evangelist and a sought-after speaker on supply chain.

We are  
The Authentic Low Cost

## RESEARCH & DEVELOPMENT

### RESEARCH

In Synergies Worldwide, we believe that Research & Development is the foundation of any collection. Our R&D teams in different locations source and develop the latest fabrics, finishes and washes ahead of the market. The team works closely with our extensive network of mills in order to provide customers with quality products in their desired price.

### DEVELOPMENT

Our Technical Support Teams ensure that samples are created and developed safely according to customers' product required specification.

### DESIGN

Synergies Worldwide has a team of designers that travel the world to look for inspiration and novel ideas that will breathe new designs to customer's specification. Our aim is to add value to our customer's in-house design teams and enhance their product while keeping true to their brand identity.

The strength of our Design Studio is anchored on: **technical team, facilities, sourcing and knowledge**

## PRODUCTION

### SOURCING

With our presence in Asia, we are able to source production effectively. We are able to manufacture small or big quantities in premium quality that best fits our customer's price specification. We provide our customers with the most suitable factories depending on their product and order.

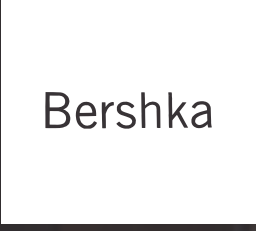

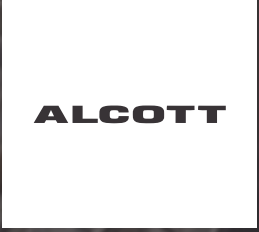

### PRODUCTION CONTROL

With experienced and skilled on-site Quality Control teams, we are able to provide our partners with the visibility and control needed to measure the progress and quality of each order. Every detail is taken care of.

### QUALITY

We have experienced technicians who monitor and control the quality at factories and discuss with customers the technical developments and opportunities for gaining optimal efficiency. We ensure that all necessary tests of materials are done on time with reputable test institutes or with in-house laboratories.
